Dr.Muller Pharma

Pouchov 182,
503 41 Hradec Králové
Czech Republic

The Union Consumers of Medical Services and Medicines (UCMSM) had submitted materials, which indicates the reasonable doubts about the availability of appropriate production conditions (except packaging) separate titles of drugs Dr. Muller (Cheez Republic)

Consider that Dr. Muller Pharma products imported into Ukraine for its medical use, including pediatrics, we ask to indicate which produced industrial districts and in which laboratories performed quality control following drugs:

- Anginal with Vitamin C
- Anginal with malve, camomilead, sage
- Anginal with sage, liquorisead eucalypti etherdeum
- Anginal spray with iceland moos
- Anginal spray with marigold
- Anginal spray with sage
- Anginal spray with eucalyptus
- Anginal spray with matricaria flowers
- Bronchal with iceland moss and vitamin C
- Bronchal with coltsfoot, plantain and vitamin C
- Bronchal with plantain, thyme and vitamin C
- Bronchal for children with iceland moss, camomile and vitamin C
- Bronchal plus for children with vitamin C
- Bronchal plus with marsh mallow, thyme and vitamin C
- Bronchal plus with ivy, mallow and vitamin C
- Venosal plus gel
- Grippal with lime flowers and vitamin C
- Grippal with elder and vitamin C
- Ointment with comfrey 20%, vitamin E and beeswax
- Neurosal
- Pantenol capsules 40 m
- Cetrasept with iceland moss

We will appreciate for the supporting materials (contracts with laboratories and the manufacturer, GMP certificates, certificate of quality of the actual manufacturer on in-bulk and finished production).

Also, we ask to provide information in what countries of EU where are production of Dr.Muller Pharma has medical application for people in the form of medicines.

Sincerely yours,

Chairman of the UCMSM

Vladislav Onishchenko
